Code of conduct for staff working in the National Institute for Human Rights

Those participants of workers in the National Institute for Human Rights are responsible individually and collectively for supporting and encouraging the highest ethical and professional conduct.

Scope

This code of conduct applies to all participants, contributors of personnel of the Organization to help meet the basic principles of the Organization to apply the objectives of human rights contained in the special international conventions and treaties with regard. In addition, will refer to such individuals as "crew" for the purposes of this document.

This document describes the policies and procedures established by the National Institute for Human Rights to confirm that it is a safe Organization for humanitarian work, which respects human dignity.

Interest in providing and meeting the human dignity of the following categories (children, women, youth) is from the heart of the work of the Organization, and it is essential that everyone recognizes that human rights are subject to violation by multiple parties deliberately and not, and the Organization cannot accept that and takes steps for prevention, and rapid response.

This document contains the basic elements of the Organization (Declaration of commitment, the practice Charter, framework), and the members belonging to it and all who work in the field of human rights protection must work in accordance to it. Which explains the best way to ensure human rights, because the Organization's work is direct with community members and seek to protect their rights. Therefore, everyone should have an identical view to deal with the target group and that there be an identical and agreed-on definition for what key principles of
